Sear, David R. Greek coins and their values - Volume 2: Asia + North Africa

Auflage 2017, 446 Seiten, 4 Tafeln, 11 Karten, 2.000 Abbildungen. Behandelt ca. 4.500 Münzen.

Standardwerke der antiken Gebiete. Gebundene Ausgaben mit Abbildungen und Preisbewertungen.

The second volume of this catalogue deals with the issues of mints in Asia Minor (including the islands and Cyprus), Syria, Phoenicia, Palestine (including Jewish coins of the Hasmonaeen dynasty), Arabia, Mesopotamia, and other regions of the East, Egypt, Cyrenaica, and other regions of North Africa (including Carthage); also covered are the coinages of the Hellenistic Monarchies (Macedon, Thrace, Seleucids of Syria, Ptolemies of Egypt, Pergamum, Pontus, Bithynia, Cappadocia, Armenia, Parthia, Bactria and

Indo-Greeks). The primary arrangement is geographical (clockwise around the Mediterranean basin) and the listings for Asia Minor are divided between Archaic issues (before circa 480 BC) and Classical and Hellenistic (later 5th century down to 1st century BC).

Although not a complete type catalogue collectors should be able locate most coins which they are likely to encounter, in one denomination or another, and the historical notes provide much valuable background information.

Includes 11 maps, a table of ancient alphabets, 4560 coin types catalogued with valuations, and almost 2000 photographic illustrations.
