The 6-volume Scott Catalog of Postage Stamps of the World from Aden to Zanzabar, from the first 'Penny Black' of 1840 to the most current listing of new issues.

The first Scott catalog debuted in 1868. Now grown to 6 volumes, each volume of the worldwide Scott Standard Postage Stamp Catalogue is divided into two-book sets. Each book is noticeably lighter and easier to use. The Scott Catalogues are the most trusted resource to help stamp collectors and dealers identify and value their stamps. The hundreds of new listings, thousands of value changes, and numerous editorial

additions and enhancements in each 2024 volume allow you to stay on the cutting edge of the stamp market.
